#### Cleaning the LPT Stage 3 Disk

#### Inspecting the LPT Stage 3 Disk

(g) Perform a fluorescent penetrant inspection (FPI) of the inner diameter of the forward cone body (forward spacer arm) of the LPT stage 3 disk. You can find guidance on performing the FPI in the CF6-50 Engine Manual, GEK 50481 72-57-02.

(h) If a crack or a band of fluorescence is present, remove the disk from service.

#### **SUPPLEMENTARY INFORMATION**

##### **A. Regulatory Process**

Rules, Regulations and Standards issued by the Cost Accounting Standards Board (Board) are codified at 48 CFR Chapter 99. The Office of Federal Procurement Policy (OFPP) Act, at 41 U.S.C. 422(g), requires that the Board, prior to the establishment of any new or revised Cost Accounting Standard (CAS or Standard), complete a prescribed rulemaking process. The process generally consists of the following four steps:

1. Consult with interested persons concerning the advantages, disadvantages and improvements anticipated in the pricing and administration of Government contracts as a result of the adoption of a proposed Standard.

2. Promulgate an Advance Notice of Proposed Rulemaking (ANPRM).

3. Promulgate a Notice of Proposed Rulemaking (NPRM).

4. Promulgate a Final Rule.

The Board notes that the (b)(14) overseas exemption from CAS at 48 CFR 9903.201-1(b)(14) is not subject to the four-step process required by 41 U.S.C. 422(g)(1) because it is not a Cost Accounting Standard. The Board elects to follow those requirements in the OFPP Act, at 41 U.S.C. 422(g)(1), to consult with interested persons concerning the advantages, disadvantages, and improvements anticipated in the pricing and administration of Government contracts as a result of the adoption of any new or revised rule, prior to its promulgation.

#### **B. Background and Summary**

The Office of Federal Procurement Policy (OFPP), Cost Accounting Standards Board (Board), is today releasing a Notice of Proposed Rule (NPR) on a proposal to eliminate the exemption from the Cost Accounting Standards (CAS) for contracts executed and performed entirely outside the United States, its territories, and possessions as codified at 48 CFR 9903.201-1(b)(14), the “(b)(14) overseas exemption.” The purpose of this NPR is to obtain input on whether the (b)(14) overseas exemption at 48 CFR 9903.201-1(b)(14) should be retained, eliminated, or revised.

##### *Statutory Requirement*

Section 823(a) of the Duncan Hunter National Defense Authorization Act for Fiscal Year 2009 (NDAA FY 2009) requires the Board to: “(1) Review the inapplicability of the cost accounting standards, in accordance with existing exemptions, to any contract and subcontract that is executed and performed outside the United States when such a contract or subcontract is performed by a contractor that, but for the fact that the contract or subcontract is being executed and performed entirely outside the United States, would be required to comply with such standards; and (2) determine whether the application of the standards to such a contract and subcontract (or any category of such contracts and subcontracts) would benefit the Government.” A report must be provided to the appropriate committees of Congress containing: (1) Any revision to the cost accounting standards proposed as a result of the review required by section 823(a) and a copy of any proposed rulemaking implementing the revision; or (2) if no revision and rulemaking are proposed, a detailed justification for such decision.
