The proposal

The FAA is considering an amendment to part 71 of the Federal Aviation Regulations (14 CFR part 71) by establishing a Class E airspace area at Davis/Woodland/Winters, CA. The development of GPS and VOR SIAP at Yolo County-Davis/Woodland/Winters Airport has made this proposal necessary. The intended effect of this proposal is to provide adequate Class E airspace for aircraft executing the GPS RWY 16/34 or VOR RWY 34 SIAP at Yolo County-Davis/Woodland/Winters Airport, Davis/Woodland/Winters, CA. Class E airspace area designations are published in Paragraph 6005 of FAA Order 7400.9D dated September 4, 1996, and effective September 16, 1996, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in this Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation—(1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule would not have a significant economic impact on a substantial number of small

entities under the criteria of the Regulatory Flexibility Act.

Mergers and Transfers Between Multiemployer Plans

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Proposed rule.

SUMMARY: The Pension Benefit Guaranty Corporation is proposing to amend its

regulation on Mergers and Transfers Between Multiemployer Plans to clarify how the rules are to be applied to plans terminated by mass withdrawal and to make other minor changes and clarifications in the regulation.

DATES: Comments on these proposals must be received by June 30, 1997.

ADDRESSES: Comments may be mailed to the Office of the General Counsel, suite 340, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005-4026; delivered to that address between 9 a.m. and 4 p.m. on business days; faxed to 202-326-4112; or e-mailed to reg.comments@pbgc.gov. SUPPLEMENTARY INFORMATION:

Background

Under section 4231(a) and (b) of ERISA, a merger, or a transfer of assets and liabilities, between multiemployer plans must satisfy four requirements unless otherwise provided in regulations prescribed by the PBGC:

- (1) The PBGC must receive 120 days' advance notice of the transaction;
- (2) Accrued benefits must not be reduced;
- (3) There must be no reasonable likelihood that benefits will be suspended as a result of plan insolvency; and
- (4) An actuarial valuation of each affected plan must have been performed as prescribed in section 4231(b)(4).

The PBGC's regulation on Mergers and Transfers Between Multiemployer Plans (29 CFR part 4231 (formerly part 2672)) prescribes procedures for requesting a determination that a merger or transfer satisfies applicable requirements, allows the PBGC to waive the 120-day notice requirement, and sets higher-level and lower-level requirements for "safe harbor" plan solvency tests and for valuation standards. Whether the higher-level or lower-level requirements apply depends on whether a "significant transfer" is involved.

Terminated Plan Transactions

Transactions involving plans that have been terminated by mass withdrawal under ERISA section 4041A(a)(2) are rare. The current regulation does not make clear whether, and if so how, the merger and transfer rules apply to these cases. Since such plans have no contributing employers, and transactions involving them present more risk than most others, it is important to specify how the merger and transfer rules apply to them.

The amendment clarifies that transactions involving such plans are subject to the merger and transfer rules and (except for "de minimis" transactions) are governed by the higher-level valuation standard and "safe harbor" solvency test. (Terminated plans, like other plans, could satisfy the plan solvency requirement without recourse to the "safe harbor" test by demonstrating that benefits are not likely to be suspended.) The amendment also extends to "de minimis" terminated plan transactions the requirement that actuarial valuation reports be submitted to the PBGC.

Significant Transfers

Both plans involved in a significant transfer are currently subject to the higher-level valuation standard and "safe harbor" solvency test, even if only one of the plans is significantly affected. The standard for determining whether a plan is "significantly affected" is generally the same as the standard for determining whether a transfer is a "significant transfer" under the existing regulation. A transferor plan is significantly affected if the assets transferred equal or exceed 15 percent of its pre-transfer assets. A transferee plan is significantly affected if the unfunded accrued benefits transferred equal or exceed 15 percent of its pre-transfer assets.

The amended regulation no longer automatically applies the higher-level valuation standard and safe harbor solvency test to both plans involved in a significant transfer if only one of the plans is significantly affected. Instead, the higher-level standard and test are just applied to the significantly affected plan. (In addition, as discussed above, the higher-level standard and test are applied to any plan that is involved in a non-de minimis terminated plan transaction).

Other Changes

The regulation currently requires that a compliance determination request for a significant transfer include copies of all actuarial valuations performed

within the five years preceding the proposed effective date of the transfer. This cannot be done where the last plan year preceding the proposed effective date is in progress when the compliance determination request is filed. The amended regulation calls for the valuations performed within the five years preceding the compliance determination request.

The amendment also modifies the higher-level valuation standard slightly so that the actuarial assumptions and methods used in the pre-merger valuation would be those expected to be used for the surviving plan after the merger.

Under the current regulation, the requirement for 120 days' notice can be waived only if the PBGC is satisfied that failure to complete the transaction in a shorter time will harm participants or beneficiaries. The PBGC typically completes its reviews in 60 to 90 days, and there is usually no reason to wait the full 120 days. The proposed amendment would also permit a merger or transfer to be consummated if (1) the PBGC determines that the transaction complies with ERISA section 4231, or (2) the PBGC completes its review of the transaction.

The PBGC is also making other conforming and clarifying changes.

Paperwork Reduction Act

The collection of information requirements in existing Part 4231 have been approved by the Office of Management and Budget under control number 1212-0022. The PBGC has submitted these requirements, as amended by this proposed rule, to the Office of Management and Budget for review under section 3507(d) of the Paperwork Reduction Act of 1995.

The PBGC needs the information submitted under Part 4231 by plan sponsors of multiemployer plans that are involved in mergers and transfers in order to monitor compliance with the requirements for mergers and spinoffs of multiemployer plans.

Based on its experience, the PBGC estimates that about 20 submissions will be made each year under the amended regulation, no more than 2 of which will involve spin-offs or significantly affected plans. The PBGC also believes, based on its experience, that virtually all of these submissions will be prepared by outside actuaries, lawyers, and other consultants. The PBGC estimates that it will cost a plan an average of \$455 for preparation of a submission that does not involve a spin-off or a significantly affected plan and \$705 for preparation of a submission that involves a spin-off or a significantly

affected plan. Accordingly, the estimated annual cost burden of the collection of information is \$9,600.

Comments on the paperwork provisions of the proposed rule should be mailed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: Desk Officer for the Pension Benefit Guaranty Corporation, Washington, DC 20503. The PBGC is soliciting public comments to—

- evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- enhance the quality, utility, and clarity of the information to be collected; and
- minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

In particular, the PBGC invites suggestions regarding procedures for submitting some or all of the required information electronically.

Compliance With Rulemaking Guidelines

The PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

The PBGC certifies that the amendment in this proposed rule would not have a significant economic impact on a substantial number of small entities. This certification is based on the fact that the primary substantive effect of the proposed amendment would be to liberalize certain existing requirements and to clarify the application of existing requirements to a very rare category of transactions, viz., multiemployer mergers and transfers involving plans that have terminated by mass withdrawal. (The PBGC is aware of only two such transactions since § 4231 of ERISA was enacted.) Accordingly, as provided in section 605(b) of the Regulatory Flexibility Act, compliance with sections 603 and 604 of the Regulatory Flexibility Act is not required.

For the reasons given above, the PBGC proposes to amend 29 CFR part 4231 as follows.

3. In § 4231.2, the first sentence is amended by adding the word "EIN," after the word "chapter:" and before the word "ERISA", by removing the word "and", and by adding a comma and the words "and PN" after the words "plan year" and before the period; the definition of significant transfer is removed; and new definitions of significantly affected plan and unfunded accrued benefits are added to read as follows:

§ 4231.2 Definitions.

* * * * *

Significantly affected plan means a plan that—

(1) Transfers assets that equal or exceed 15 percent of its assets before the transfer,

(2) Receives a transfer of unfunded accrued benefits that equal or exceed 15 percent of its assets before the transfer,

(3) Is created by a spinoff from another plan, or

(4) Engages in a merger or transfer (other than a de minimis merger or transfer) either—

(i) After such plan has terminated under section 4041A(a)(2) of ERISA, or

(ii) With another plan that has so terminated.

* * * * *

Unfunded accrued benefits means the excess of the present value of a plan's accrued benefits over the fair market value of its assets, determined on the basis of the actuarial valuation required under § 4231.5(b).

6. Section 4231.5 is revised to read as follows:

§ 4231.5 Valuation requirement.

(a) In general. For a plan that is not a significantly affected plan, the actuarial valuation requirement under section 4231(b)(4) of ERISA and § 4231.3(a)(2) is satisfied if an actuarial valuation has been performed for the plan based on the plan's assets and liabilities as of a date not more than three years before the date on which the notice of the merger or transfer is filed.

(b) Significantly affected plans. (1) The actuarial valuation requirement under section 4231(b)(4) of ERISA and § 4231.3(a)(2) is satisfied for a significantly affected plan only if an actuarial valuation has been performed for the plan based on the plan's assets and liabilities as of a date not earlier than the first day of the last plan year ending before the proposed effective date of the transaction.

(2) In the case of a transfer, the valuation shall separately identify assets, contributions, and liabilities being transferred and shall be based on the actuarial assumptions and methods that are expected to be used for the plan for the first plan year beginning after the transfer.

(3) In the case of a merger involving a plan that has terminated under section 4041A(a)(2) of ERISA, the valuation shall be based on the actuarial assumptions and methods that are expected to be used for the plan resulting from the merger for the first plan year beginning after the merger.

7. In § 4231.6, paragraphs (a) and (b) are redesignated as paragraphs (b) and

(a) respectively; the introductory texts of redesignated paragraphs (a) and (b) are revised; and redesignated paragraph (b)(4) and paragraph (c)(1) are revised, to read as follows:

(b) Significantly affected plans. The plan solvency requirement of section 4231(b)(3) of ERISA and § 4231.3(a)(3)(i) is satisfied for a significantly affected plan if all of the following requirements are met:

* * * * *

(4) Contributions for the amortization period shall equal or exceed unfunded accrued benefits plus expected normal costs. The actuary may select as the amortization period either—

(i) The first 25 plan years beginning on or after the proposed effective date of the transaction, or

(ii) The amortization period for the resulting base when the combined charge base and the combined credit base are offset under section 412(b)(4) of the Code.

(c) Rules for determinations. * * *

(1) Expected contributions after a merger or transfer shall be determined by assuming that contributions for each plan year will equal contributions for the last full plan year ending before the date on which the notice of merger or transfer is filed with the PBGC. Contributions shall be adjusted, however, to reflect—

(i) The merger or transfer,

(ii) Any change in the rate of employer contributions that has been negotiated (whether or not in effect), and

(iii) Any trend of changing contribution base units over the preceding five plan years or other period of time that can be demonstrated to be more appropriate.

§ 4231.7 De minimis mergers and transfers.

(2) The present value of the accrued benefits transferred (whether or not vested) is less than 3 percent of the fair

market value of all the assets of the transferee plan; and

(d) *Value of assets and benefits.* For purposes of paragraphs (b) and (c) of this section, the value of plan assets and accrued benefits may be determined as of any date prior to the proposed effective date of the transaction, but not earlier than the date of the most recent actuarial valuation.

(e) *Aggregation required.* * * *

(2) A transfer is not de minimis if, when aggregated with all previous de minimis mergers and transfers effective within the same plan year—

(2) Whether the transaction being reported is a merger or transfer, whether it involves any plan that has terminated under section 4041A(a)(2) of ERISA, whether any significantly affected plan is involved in the transaction (and, if so, identifying each such plan), and whether it is a de minimis transaction

as defined in § 4231.7 (and, if so, including an enrolled actuary's certification to that effect).

* * * * *

* * * * *

(f) *Waiver of notice.* The PBGC may waive the notice requirements of this section and section 4231(b)(1) of ERISA if—

(1) A plan sponsor demonstrates to the satisfaction of the PBGC that failure to complete the merger or transfer in less than 120 days after filing the notice will cause harm to participants or beneficiaries of the plans involved in the transaction;

(2) The PBGC determines that the transaction complies with the requirements of section 4231 of ERISA; or

(3) The PBGC completes its review of the transaction.
